

# For Authors

## **Structured Abstract Submission**

Authors are invited to submit a structured abstract of maximum 3,300 characters including spaces. Figures and tables should not be a part of the abstract.

A Structured Abstract can be inserted online following your [Registration](#) via conference webpage (after login).

The Structured Abstract must be submitted by **14<sup>th</sup> March 2021** using the online Abstract Template.

The Online Abstracts Template has five mandatory parts: Title, Paper's objective(s), Data/Methods, Results/Conclusions, JEL code (3300 characters is the sum of all parts).

A separate part of the abstract/paper may be a scientific Acknowledgement.

The Structured Abstract will be reviewed by the Editorial Board. Structured Abstracts not within the scope of the conference, or of suitable quality, will be rejected. Authors will be notified about the structured abstract acceptance/rejection by **31<sup>st</sup> March 2021**.

## **Paper submission (revision)**

Authors of accepted abstracts are invited to submit a paper of maximum 10 pages (including references, tables and figures). Papers should be submitted only via the conference webpage (after login).

The papers must be submitted by **30<sup>th</sup> April 2021** using only the [paper template](#).

All papers will be double blind reviewed by two referees nominated by the Editorial Board. All papers must be original submissions that have not already been published. The originality of all received papers will be verified through the Crossref database system.

Authors will be notified about the reviewers' decision by **23<sup>rd</sup> May 2021** (accepted/rejected/revision). The revised paper must be submitted by **20<sup>th</sup> June 2021** together with a Checklist of adjustments. The final decision on acceptance/rejection of the paper will be announced until **30<sup>th</sup> June 2021**.

The Conference Proceedings from previous years are indexed (or in process) in the Web of Science (ISI Web of Knowledge) database. The Conference Proceedings 2021 will be sent for indexation immediately after the conference.

**The five best papers (reviewed by the Editorial Board) will be offered the possibility of publishing in a reviewed journal registered in the SCOPUS database.**

Papers not presented at the conference will not be published in the Conference Proceedings.

## **Paper suggestion (creating recommendations) – USE PAPER TEMPLATE:**

### **Introduction**

In this chapter author(s) have to provide a short review of the current state in the area of the paper's aim. The paper should refer to significant sources, particularly scientific journals and

conference proceedings listed in the databases of ISI Web of Knowledge. Due to good experience and the quality of contributions from previous years, we also appreciate references to the “Agrarian perspectives” proceedings <https://ap.pef.czu.cz/cs/r-12193-conference-proceedings> or journals in the field of agricultural economics such as: “Agris on-line Papers in Economics and Informatics” <http://online.agris.cz/>, “Scientia Agriculturae Bohemica” <https://sab.czu.cz/cs/>, “Agricultural Economics” <http://www.agriculturejournals.cz> .

### Materials and Methods

In this chapter, author(s) provide the description of used method(s), characteristics of data files, etc. If author(s) are consequential from previous papers, they should describe them shortly too.

### Results and Discussion

Author(s) should use this chapter to describe the results as clearly as possible. The author(s) should also discuss the results in comparison to the results of other authors.

Equations, images, tables, examples...

Equations, graphs, images and tables must be centered. If the equations need to be numbered, use bold numbers in thin brackets on the right side (use invisible tables for alignment, see example below). We recommend using MS Word's integrated equation editor:

$$\Omega_i = \frac{b_i}{\alpha_{ik}} \quad (1)$$

Images and tables are formatted as in the following examples.

Example of a figure:

Figure 1. Image description

Source: European Association, 2014

Example of a table:

Table 1. Table description

Heading type	Example	Font
Title	Sample document...	AP - Title
Chapter	Instructions	AP - Chapter
Section	Styles	AP - Section
Paragraph	Paragraphs. If you want...	AP - Text + bold
Note.	Note. Inscribe the notes...	AP - Text + italics

Source: European Association, 2014

A table should have single lines. Use “AP table” font for the table text, “AP head table” font for the table heading, “AP figure” font for the name of the table and “AP source” font for resources (see Paper Template).

## **Conclusion**

Author(s) should summarize the paper and stress the most important point(s). Moreover, author(s) should consider including topics for future work.

## **Acknowledgements**

if any

## **References**

Each reference must be mentioned in the text as a continuous quotation and vice versa, i.e. the surname and year of the reference within the body of the text.

Examples of continuous quotations:

1 author

Smith (2010) pointed out the problem.

The problem is well-known (Smith, 2010).

2-3 authors

Smith and Jones (2009) improved the method.

The method was significantly improved (Smith, Jones and Cooper, 2008).

More than 3 authors

Smith et al. (2010) provide the solution.

The solution already exists (Smith et al., 2010).

For a list of references it is required to follow the reference style in alphabetical order (similar to Harvard citation convention), including ISBN/ISSN and DOI (if possible).

**Notes: Give the name of file containing the text of paper with the surname of the first author without diacritic marks (example: novak.doc).**

### **Ethics Guidelines**

The conference AGRARIAN PERSPECTIVES XXX. is committed to the highest ethics standards. All authors, reviewers, and editors are required to follow the following ethical principles. In case of any doubts do not hesitate to contact the editors of the AGRARIAN PERSPECTIVES XXX. conference. ([agrarian\\_perspectives@pef.czu.cz](mailto:agrarian_perspectives@pef.czu.cz))

### **Registration fee**

**FULL** registration fee for a paper and a participant (the main author): CZK 2,800 or EUR 116 (all day conference programme).

Full registration fee includes online access to all scientific sessions and conference materials. **It does not include bank charges!**

Payment must be made by a bank transfer by **10 August 2021** to the following account:

Bank:	Česká spořitelna, a.s., <b>Budějovická 1518/13B, 140 00 Praha 4, Czech Republic</b>
Account number:	<b>9021-6325762</b>
Bank Code:	0800
IBAN:	<b>CZ5008000090210006325762</b>
SWIFT:	<b>GIBACZPX</b>
Variable symbol:	119020
Your specific symbol:	Code of your registration
Recipient:	Czech University of Life Sciences Prague
Information for recipient:	Participant's name

Please, use your **specific symbol** in your fee payment. We are not able to find your payment without the specific symbol. You can find your specific symbol after logging into the conference system.
